

California Proposition 65

August 6, 2019

Dear valued customer:

In 1986, California voters approved Proposition 65, an initiative to address their growing concerns about exposure to toxic chemicals. That initiative is officially known as the Safe Drinking Water and Toxic Enforcement Act of 1986. The law requires California to publish a list of chemicals known to cause cancer or reproductive toxicity, and for businesses with 10 or more employees to provide warnings when they knowingly and intentionally cause significant exposures to listed chemicals.

The list currently includes more than 950 chemicals. Proposition 65 does not ban or restrict the sale of chemicals on the list. The warnings are intended to help Californians make informed decisions about their exposures to these chemicals from the products they use and places they go.

Epoxies, Etc.'s products are manufactured for industrial and/or trade use only. *The products are not manufactured nor intended for consumer use.* Customers with an interest or requirement to know if any Proposition 65 listed chemicals are present in our product(s) need to consult the applicable product Safety Data Sheet(s) (SDS) prior to use. Epoxies, Etc. SDS are compliant to the federal Hazard Communication Standard 29CFR 1910.1200 (HCS) which the state of California incorporated by reference: "The California Hazard Communication Standard" (Title 8, California Code of Regulations section 5194). Proposition 65 chemicals present are listed in the Regulatory Section (15) of the SDS.

For background on the new Proposition 65 warnings, see <https://www.p65warnings.ca.gov/new-proposition-65-warnings>.

Proposition 65 and its regulations are posted at <https://oehha.ca.gov/proposition-65/law/proposition-65-law-and-regulations>.

We value your business. Please let us know if we can be of service.
